Four Fish: The Future of the Last Wild Food: Paul ... Four Fish offers a way for us to move toward a future in which healthy and sustainable seafood is the rule rather than the exception. Read more Read less "The Dream Daughter" by Diane Chamberlain. Four Fish: The Future of the Last Wild Food by Paul Greenberg Four Fish: The Future of the last Wild Food by Paul Greenburg examines the condition of the Earth's fisheries by focusing on four fish: salmon, sea bass, cod and tuna. Any book that addresses natural resources and humanity's treatment of them has high potential to be very depressing. Four Fish: The Future of the Last Wild Food by Paul ... The four fish that are investigated are the Tuna, the Salmon, the Bass, and the Cod—the four fish that dominate the menus at fancy restaurants and fast food chains and family dinner tables. The underlying premise is that globally we are overfishing.

What is the summary of Four Fish: The Future of ... - eNotes Journalist Paul Greenberg's 2010 nonfiction work Four Fish: The Future of the Last Wild Food explores the global commercial fishing market and aquaculture, specifically regarding the consumption of tuna, cod, sea bass, and salmon. The central argument of this book is that people must manage our shared oceans so that fish can sustainably exist in farm settings and in the wild. Excerpt: "Four Fish: The Future of the Last Wild Food ... Four fish, then. Or rather four archetypes of fish flesh, which humanity is trying to master in one way or another, either through the management of a wild system, through the domestication and farming of individual species, or through the outright substitution of one species for another. Book Review: Four Fish: The Future of the Last Wild Food ... Paul Greenberg's Four Fish: The Future of the Last Wild Food should be required reading for anyone who eats seafood. The assignment won't be a burden. The assignment won't be a burden. Greenberg is an unfailingly entertaining writer, and his book arms you with the information you need to make intelligent choices when you are confronted by the confusing and sometimes contradictory offerings at the fish counter.
